How to Make a New Year's Eve Party Hat

Ring in the New Year with these festive New Year's Eve Party Hats! Customize them to match your party theme and colors!

Step-by-Step Instructions

- ////////////////////
- STEP 1** Make a small, 5 inch tall cone shape out of white paper and cut the paper to make a pattern.
- STEP 2** Print out Happy New Year on colored paper, small enough to fit on the hat. Trace the pattern over this, cut out, and make a cone. Glue together in the back.
- STEP 3** Cut two 1/2 inch by 1 inch pieces of colored paper and glue to inside of the hat on the bottom sides, leaving half the tab out. Glue the tabs to the headband.
- STEP 4** Cut a 10 inch piece of ribbon. Make a bow and trim the ribbon ends. Glue the bow to the hat.
- STEP 5** Cut 1/4 inch off the top of the hat. Glue the gold ball (or pom pom) to the top of the hat.
